Molina Complete Care – MCC VA

We cover both brand name drugs and generic drugs. Generic drugs have the same active-ingredient formula as a brand name drug. Generic drugs usually cost less than brand name drugs and are rated by the Food and Drug Administration (FDA) to be as safe and effective as brand name drugs.

What is a Preferred Drug List?

A Preferred Drug List is a list of covered drugs which represents the prescription therapies believed to be a necessary part of a quality treatment program. We will generally cover the drugs listed in our Preferred Drug List as long as the drug is medically necessary, the prescription is filled at a network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

How to Search For Drugs

- Use the alphabetical list to search by the first letter of your medication.
- Search by typing part of the generic (chemical) and brand (trade) names.

How to Request an Exception

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make:

- You can ask us to cover your drug even if it is not on our Preferred Drug List.
- You can ask us to waive coverage restrictions or limits on your drug.

You should contact us to ask us for an initial coverage decision for a Preferred Drug List or utilization restriction exception. When you are requesting a Preferred Drug List or utilization restriction exception you should submit a statement from your physician supporting your request.

TIER		DESCRIPTION
T0	Covered OTC	
T1	Preferred Drugs	
T2	Non-Preferred Drugs	
TYPE		**DESCRIPTION**
QL	Quantity Limit	There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.
ST	Step Therapy	In some cases, you may be required to first try certain drugs to treat your medical condition before you move up a “step” to other drug options.
AL	Age Limit	This prescription drug may only be covered if you meet the minimum or maximum age limit.
S	Specialty Drug	Specialty drugs are high-cost drugs used to treat complex or rare conditions. Some examples of the diseases include; multiple sclerosis, rheumatoid arthritis, hepatitis C, and hemophilia.
DC	Drug Class	Drug Class.
PS	Preferred Specialty	Preferred Specialty.
PA	PA Applies	Your provider is required to get prior authorization before you fill your prescription, which ensures appropriate use of the selected drug. Without prior approval, we may not cover this drug.
QPD	Quantity Per Day	Quantity Per Day.
IPC	IPC - SPECIALTY PROGRAM	IPC- Specialty Program.
SDS	Extended 90 Day Supply	Allows up to a 90 day supply
